

SKELETON ISLAND

Come on out to Skeleton's Island and have the best vacation you've ever had. It all starts out with a weekend of action-packed excitement. For a fee of 300.00 you and a friend of your choice could have the best weekend ever. It all starts out with 1 day of amusement on the biggest rides and rollercoasters in the world. There are a variety of foods from around the nation. Shrimp-fried rice from Japan, pizza, (An Italian favorite), fortune cookies from the Chinese, hot dogs and hamburgers from the good old continent of America, Icee's, slushies, and snowcones from Alaska and Antarctica. We've got the best food around. The 2nd day is full of swimming, boating, sailing, rowing, and fishing. For people who like to just lay out by the pool and get a suntan, we've got an indoor tanning saloon and an outdoor jacuzzi. Room service is also provided. In each room is a whirlpool, 52"inch television, customized bar containing elegant wines accompanied by romantic candlelight. There is only one catch to all this loyalty which is the 3rd day. On the final day you are given a 50 caliber black powder gun with 3 knives, camouflage clothing, 2 flashlights, a pair of jungle boots, and a small packet containing a small amount of trailmix. Your task is to make it to the Northeast side of the island by midnight. The rules are simple, there are none. Your gun will contain enough ammunition for three simultaneous shots. I will send 1 sniper out to hunt you. He is the predator and you are the prey so if you stay away and avoid him you will live, if not you will die. No helicopters, cars, or boats are allowed. If you violate this rule you will be terminated immediately. You can do whatever is necessary to survive. You have the authority to kill my snipers if they dont end up killing you first. If you are lucky enough to live and make it to the Northeast side, then at your presence will be a reward of 1,000,000, dollars in current money in whatever form you wish. A roundtrip first class ticket will be given to you immediately following the end the game to where ever your destination may be. Come on out to Skeleton Island and enjoy the best weekend of your lives.

Notice: Please leave name of coroner before entering game area for safety pre-cautions.

NO FEAR
